- 2010 B.A. in Political Science, History, and German; Minors in Economics, West European Studies, and Music, Indiana University Bloomington

EXPERIENCE

Mr. Smith is a Research Analyst at Capital Trade Incorporated. In this capacity he provides support to other Capital Trade personnel in researching and preparing for antidumping and countervailing duty investigations, intellectual property cases, and other trade and international economics matters. Specifically, this involves performing data analysis; creating graphics and presentations; litigation support; international trade and economic policy research; market research, and drafting of official reports. He has served in this capacity since August 2019.

Prior to coming to Capital Trade, Mr. Smith was an Intern at the International Trade Administration Office of Strategic Planning, as well as an Economic Policy Intern at Center for American Progress. Before relocating to Washington, D.C. for graduate study in 2017, Mr. Smith was a culinary professional in Indianapolis.
